Greetings in the lovely name of Jesus. In this newsletter we have included testimonies from people in a variety of circumstances, all praising the Lord for the provision of their interest free loan. These loans are made possible by following God's principles and pooling resources to help one another. Frank & Gwen Price (below) have now re-paid their loan and express their thanks.

It is with great pleasure that we give thanks to the Lord for enabling us to receive an interest free loan. We had our house freehold much sooner than we expected.

It was a tremendous help. We think it is wonderful that you have helped us and so many families.

Bethel House

Bethel House is a ministry of Whakatane Christian Fellowship for the rehabilitation of young men. The church also sponsor its contributions.

I thought it was awesome. It came in very handy. It has enabled us to reduce costs considerably.

We assist at risk men to put their lives straight and equip them to go back into the community as positive influences, instead of negatives.

Suzanne and I are really grateful for the support shown by you people. It has enabled us to eliminate our debt completely. This has provided a secure base for the ministry as well as a partnership between this ministry and yourselves.

In God's Timing

As newly weds ten years ago, Shane and I were introduced to Liberty Trust as a way of investing into our future. The aim was to be mortgage free quicker and not to get caught in the same trap as so many others, paying most of your hard-earned money to the bank in interest instead of paying your loan off.

We have been with Liberty Trust/ Ark Resources for over ten years now and have been eagerly waiting for our turn. At times it was hard to keep the faith and believe that our interest free loan would finally come through to us. We debated about whether to cancel our contributions or not, having the extra would have been handy, but we are glad we decided to hang in and wait.

Then when we least expected it, it happened, it was our turn, but in God's time and not our own (it was a good lesson in patience I can tell you).

It is such a great feeling to know that part of our mortgage is interest free and that each fortnightly payment we are making to Ark Resources is continuously decreasing our debt. Even though Ark Resources could not take over our entire mortgage, because of the amount originally borrowed, we will still be mortgage free a lot quicker thanks to this wonderful organisation.

Belonging to an organisation like Liberty Trust/ Ark Resources means to us that we can be a part of a group of people who help each other to win the fight against the dreaded mortgage.

Shane and I would like to express our sincere thanks to everyone, for their dedication and hard work and who work tirelessly behind the scenes to ensure the successful running of this organisation. God bless you all richly.
