

A Leaf from the Ark

NEWSLETTER OF ARK RESOURCES LIMITED

Autumn 2003
Number 15

Hello all you Saints

Well it's the end of another financial year for us and a good time to reflect on God's goodness.

Together with Liberty Trust we have reached the milestone of lending over \$5 million.

Also forty-four individuals, families, churches and missionaries have fully repaid their mortgages to us. Visions have been realised, God's Word has been proven and thousands of dollars of Kingdom resources have been saved. Without rent or mortgage payments they should be able to give to God's Kingdom with real liberty, whenever and wherever they desire, and now have a legacy to pass on to others.

We include in this newsletter letters from Bethlehem Baptist Church, and Ken & Sharon-Lee Philpott, very grateful to have received their interest free loans, and a letter from Jo Tresidder (right) grateful that she is now free from debt thanks to her interest free loan. Congratulations!

Dear Ark Resources

Enclosed is a cheque for the last payment on my loan. Praise the Lord!

I certainly wouldn't be at this stage without Liberty Trust and God's grace. My thanks also to you and all staff for your assistance over the years.

God bless you all and prosper you.

Love Jo Tresidder

Where New Hope is Born

On behalf of Bethlehem Baptist Church, I would like to convey our sincere gratitude for your assistance with our interest free loan. The interest free loan has resulted in a \$6,000—\$7,000 annual savings. This is a significant amount to our organisation so we are very appreciative of the ministry that you have. We have obviously been able to achieve a number of goals as a result of this considerable savings.

Again I would like to convey our sincere thanks and reiterate that you are making a difference. May God bless you in your ministry.

God blesses us once again

(He has a habit of doing that)

We first heard about the Liberty Trust principle at a Christian conference in Auckland and were quick to share in the vision. We started donations for two loans. Since then our daughter has taken over and continues the donations for one of them.

For family needs we recently shifted to a larger family home and took out a mortgage. We had previously been mortgage free. The remaining mortgage closely matches the loan we have just received. We will be mortgage free at least 8 years earlier than through the bank.

Ken and Sharon-Lee are enjoying their newly refurbished kitchen and say it is great for hospitality

A principle like this had to come from God. It is so counter the world system, and so aligned with Kingdom thinking.

People have said, "you must have a lot of faith to go into something like that". But we say, "no, the concept is infallible, and we only need trust in God's people to administer it".

A big thankyou to God first of all, and then to His people who so tirelessly and wisely work to make this 'storehouse of funds' a powerful resource to free people from debt.

The savings realised through this interest free loan is just one of the many different ways the Lord blesses people who obey His call to invest in Kingdom principles.

We have been through significant trials over the years, but the Lord has always blessed us through these times. God loves to bless and give to His people. It is His nature. He gives and gives and gives.

Truly the Liberty Trust principle is a God inspired principle.
